

Poder PAC is proud to endorse Vice President Kamala Harris for President of the United States.

Serving alongside President Biden, Vice President Kamala Harris has been instrumental in ushering in historic achievements for Americans across the country. From rebuilding our economy after a devastating global pandemic to protecting reproductive rights for all Americans, to lowering costs for middle class families and passing critical gun safety legislation, Kamala Harris has been there every step of the way ensuring these achievements were possible.

Vice President Harris embodies the leadership, resilience, and vision needed to address the complex challenges our country faces today. She is uniquely positioned to take the fight directly to Donald Trump and MAGA extremists while also uniting the Democratic Party and ushering wins up and down the ticket. Her ability to unite and inspire communities across the country will be crucial in fostering a more inclusive and just society.

Poder PAC stands firmly behind Kamala Harris and urges all Americans to join us in supporting her candidacy for President. Together, we can ensure a future where every voice is heard and every person has the opportunity to thrive.
